Clothes dryers (gas or electric)	Not collected	Subject to the Home Appliance Recycling Act. Recycling is mandatory. *See page 6
Clothes(containing cotton or feathers)	Burnable garbage	
Clothespin hangers (metal)	Non-burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Clothespin hangers (plastic)	Burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.

Alphabetical Garbage Classification Guide

品名(Item Name)	分類(Classification)	注意事項(Notes for Disposal)
Clothing boxes (metal)	Non-burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Clothing boxes (paper, wood, and plastic)	Burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Concrete and concrete blocks	Not collected	Consult the store of purchase, a dealer, or a contractor.
cooler bags	Burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Cooler bags ice boxes, cooler boxes	Burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
cooler boxes,	Burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Cooler boxes, ice boxes, cooler bags	Burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Coolers and air conditioners (indoor and outdoor units)	Not collected	Subject to the Home Appliance Recycling Act. Recycling is mandatory. *See page 6
Cooling fans	Oversized Garbage	Not subject to the Home Appliance Recycling Act Items using fluorocarbons cannot be collected by the city.
Cooling packs and ice packs	Burnable garbage	
Copiers and multifunction printers	Non-burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Corrugated sheets	Burnable garbage	Cut items made of vinyl (plastic) into small pieces and place in the designated bag.
Cotton-padded coats	Burnable garbage	These cannot be recycled and are Burnable garbage. Tie with a string to prevent unfolding and place in the designated Burnable garbage bag.
Cupboards	Oversized Garbage	
Cupboards	Oversized Garbage	
Curtain rails (metal)	Non-burnable garbage	Cut or bend to a size that will fit into the designated bag. Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Curtain rails (plastic)	Burnable garbage	Cut or bend to a size that will fit into the designated bag. Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Curtains (including lace curtains)	Clothes	Do not place in plastic bags, but tie with a string in a crisscross pattern and put out on Clothes day. These items are collected as usual on rainy days, but cannot be recycled if they get wet. Do not put them out during rain or when it is expected to rain; put them out on the next collection day instead.
Dehumidifiers and humidifiers	Non-burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage. Plastic parts are Burnable garbage.
Dehumidifying gels and desiccants	Burnable garbage	
Desiccants and dehumidifying gels (including desiccants for seaweed and confectionery)	Burnable garbage	
Desks (study desks and other desks)	Oversized Garbage	
Dictionaries	Magazines, Books	Tie with a string and put out on Magazine (Books) day. The cover may be left on.
Dishwashers and dish dryers	Non-burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Disposable diapers	Burnable garbage	Flush any excrement down the toilet before disposing.
Disposable heating pads	Burnable garbage	
D Dog houses	Non-burnable garbage	Wooden items are Burnable garbage. Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage. When disposing of these items as Oversized Garbage, dismantle anything over 1 m and bundle together.

Alphabetical Garbage Classification Guide

品名(Item Name)	分類(Classification)	注意事項(Notes for Disposal)
Doormats (artificial grass)	Burnable garbage	Fold, then tie tightly with a sturdy string or wire in a crisscross pattern to prevent unfolding, or cut into smaller pieces, then put out in the designated bag.
Down jackets	Burnable garbage	
Dressers	Oversized Garbage	
Drywall	Not collected	Consult the store of purchase, a dealer, or a contractor.
Duckboard	Burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Dumbbells	Not collected	Consult the store of purchase or a dealer.
DVD discs and DVD cases	Burnable garbage	
DVD players	Non-burnable garbage	
Earthen pots	Non-burnable garbage	
Eighteen litre drum (for food)	Glass Bottles,Cans, Plastic(PET)Bottles	Items used for non-food purposes are classified as Non-burnable garbage.
Electric bicycles	Oversized Garbage	Remove batteries and bring to a retailer or other cooperating store location. Cancel any anti-theft registration. Consult with the Kisarazu Police Station Community Safety Division (☎0438-22-0110) for procedures.
Electric blankets	Burnable garbage	See Carpets and Rugs.
Electric carpets	Burnable garbage	See Carpets and Rugs.
E Electric pianos	Non-burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Electric stoves	Non-burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Electrical cords	Non-burnable garbage	To prevent unfolding, tie with a sturdy string or cut into lengths of about 30 cm, then put in the designated bag.
Electronic cigarettes	Not collected	Consult the store of purchase or a dealer. Can be processed as a small appliance when brought directly to the Clean Center. *See page 24
Engine oil and other garbage oils	Not collected	See 'Oil'
Envelopes, wrapping paper, paper bags	Other printed materials	Tie with string and put out on Other printed materials day. Small pieces can be placed in a paper bag then tied. Dirty items are Burnable garbage.
Fan heaters (electric or gas), stoves (electric or gas)	Non-burnable garbage	Kerosene fan heaters and stoves are Oversized Garbage, regardless of size. Remove any batteries. Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Fan heaters (kerosene)and stoves (kerosene)	Oversized Garbage	Classified as Oversized Garbage regardless of size. Drain kerosene and remove any dry-cell batteries.
Fans and air circulators	Non-burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Fax machines (including those integrated with a telephone)	Non-burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
Files	Burnable garbage	Remove metal binding and put out with Non-burnable garbage. For all paper files, remove metal fittings and staples to the extent possible and put out with Magazines.
Filters for water purifiers and water filtration devices	Burnable garbage	
Fire extinguisher	Not collected	Consult the store of purchase, a dealer, or a disaster prevention equipment supplier.

Alphabetical Garbage Classification Guide

品名(Item Name)	分類(Classification)	注意事項(Notes for Disposal)
F Fire extinguishers (aerosol type)	Non-burnable garbage	Empty, then drill a hole in a well-ventilated area away from open flames before disposing. *See page 13 *Explosions and fires have occurred in collection vehicles that are thought to have been caused by gas canisters and Spray Cans that did not have a hole drilled into them. Empty gas and Spray Cans properly
Fire starters	Burnable garbage	Soak thoroughly in water before disposing.
Fireproof safes	Not collected	Consult the store of purchase or a dealer. Portable safes can be disposed of as Non-burnable garbage.
Fireworks, matches, etc. Toys containing gunpowder	Burnable garbage	Soak thoroughly in water before disposing.
Fishing rods	Burnable garbage	Items that do not fit in a single designated bag with the top closed are classified as Oversized Garbage.
